*** ATTENTION: Boat Owners ***

Boats may be registered at John Fletcher's
Bait and Tackle Shop at 293 East Main Street.

He also collects Boat Taxes. The boat tax
goes to the Town in which it is paid.

Let's give Marlborough the benefit of our boat taxes.

INVENTORIES

Please return your Inventory promptly. It is especially im-
portant that the census portion be filled in completely, as this
information will be used for the school census and to figure our
State Revenue Sharing.

The Inventories are due on April 15, 1991, after which date,
a penalty is added. The penalty is a minimum of \$10.00.

DOG LICENSES

A reminder: All dogs (6 months and older) must be licensed
by May 1, 1991. The registrations are available in the Town Clerk's
office. The following fees are in effect:

\$4.50	Neutered or Spayed Animal
7.00	Female
7.00	Male

All persons over 62 years of age may register one (1) dog for
a \$2.00 fee.

ABOUT THIS NEW FORMAT

This new format was selected to improve the read-
ability and reduce the cost of this publication.
By turning the pages sideways, more printing can
be done at one time saving time and money. You
will also note the pages are arranged so more of
the budget and reports can be seen at a time.
Anticipated revenues are posted with the appro-
priate budget line giving a much better idea of
the true cost of that department. Additionally,
the report was prepared on recycled paper and is
printed on recycled paper. Many of these reports
go to the landfill in a relatively short time and
we have considered that impact. If we are to be
serious about recycling, then our Town Report
should not add to the problem and the change to
the whole report started with this concept. We
realize many of you will have to rearrange your
history book shelves to accomodate this new
format. We hope the benefits will outweigh this
inconvenience.

* * * * *

PLEASE NOTE THESE OFFICE CHANGES

The Lambert Building on the corner of Frost and Main Street has
some new occupants for the Town. The Marl-Harris Ambulance
Company has relocated their training site to the Main Street
side of this building as has the Welfare Administrator's Office
and Zoning Board of Adjustment and Planning Boards. The
Welfare Administrator is available on Monday Wednesday and
Thursday mornings, phone 876-4703. The Planning and Zoning
Boards Chairmen hold office hours on Monday evenings from 7-9
P.M. by appointment, phone 876-4529.

SELECTMEN'S FOREWORD

To say 1991 property tax bills were unkind to property owners is probably the understatement of the year. However, the realities of the recession were here and there was no denying the severity of an unexpected increase of \$700.00 in taxes on a typical \$100,000 home. While many theories have evolved, the situation was created by a fall in revenues and an increase in expenses resulting in a \$247,429 increase in net Town appropriations over the previous year. For the School portion of the tax rate, the same situation occurred creating a shortfall of \$301,610. The combination resulted in the tax rate increase of \$7.43 to \$35.15 per thousand of assessed evaluation. A most undesirable event, especially before the holidays!

The tax rate was of prime concern for this coming year. The operating budget is slightly under last year's level as is shown later in this report. The difficult part to undertake are the capital expense projects such as our old bridges not approved at last year's meeting. We have taken a different approach to the repairs needed to the Old Roxbury Road bridges and it will include some self-help from the Highway Department. The request for these monies have been identified in a warrant article for individual voting. Many of the other capital items are funded from various trusts (which we are fortunate to have) and they do not involve the raising of tax dollars.

Other cost cutting measures include improved operation of our landfill operation. A concerted management effort has resulted in many changes. We are happy to report electrical power was installed and with the arrival of our compactor, we are able to bale our recyclables. This has allowed us to discontinue the big white dumpster at \$1,000 per month and to have vendors come and get the items and pay us for them. We also hope to receive a grant from the Governor's Recycling Program for the construction of a permanent recycling center. Your continued support of the recycling effort will probably allow us to stretch out the use of the landfill for another year. Studies are now underway for potential State approval. By then, it is hoped the regional issues will be settled and allow us the alternative to long distance trucking of our buried items. We thank Mr. John Lecraw, our representative to the Southwest Solid Waste Management District, for his many hours in meetings over the solid waste issue.

Some personnel changes occurred this year. Mr. Glover Howe, Jr. graciously agreed to fill in for Mrs. Kathy Knight upon her resignation. We thank Kathy for her many years of hard work not only as a Selectperson, but also as former Town Treasurer.

We also converted our secretarial position to a new designation. The administrative day to day workload has grown justifying an Administrative Assistant. In September, we bid our secretary Amanda Dauenhauer farewell and Larry Biron joined the staff in her place. He has very ably performed all the expense accounting and budgeting functions, grant applications, bid proposals, and handling of routine inquiries. This has alleviated the Selectmen of the lesser details allowing time for the planning and decisions regarding major projects. Larry's previous experience on the Planning Board and association with the staff made the transition smooth and we are extremely happy to have him on board.

Other staff changes included losing Tom Lord to retirement and the warmer climate of Florida. Tom's departure from the staff was like losing an "old friend". Luckily, Ila Walton quickly accepted the Deputy Clerk position. She and Pat Derby, the Tax Collector/Town Clerk, have been extremely busy handling some \$3 million dollars in revenue in addition to issuing over 1300 plate decals and collecting over \$38,000 for the State of New Hampshire Motor Vehicle Department.

All in all, we are happy to say that the business of the Town is running smoothly and we are doing our best to keep costs at a minimum. We thank all the Department Heads and employees, as well as the many volunteers, for the help and cooperation that makes it possible.

Respectfully submitted,

Robert L. Bennett, Chairman

Board of Selectmen

Robert L. Bennett, Chairman
Patrick J. Ryan
Glover E. Howe, Jr.

The State of New Hampshire

THE POLLS WILL BE OPEN FROM 1:00 P.M. to 9:00 P.M.

To the Inhabitants of the Town of Marlborough

[L. s.] County of Cheshire

in Town Affairs:

in the
in said State, qualified to vote

You are hereby notified to meet at School Gymnasium in
said Marlborough on Tuesday, the Twelfth day of
March, next at 7:30 P.M. of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To vote on the proposed Town Zoning Ordinance changes that include adopting a definition of "wetlands"; change the rules for the temporary residential use of a travel trailer, pickup coach, motor home or camper trailer from 120 days to two 30 day permits per year; separate and establish a new rule for cutting of timber from other excavations; adopt the State definition of "structure" and "setbacks"; create a new R-4 scenic residential zone; amend the ordinance to prohibit any land use that would contaminate ground water; and allow temporary signs not to exceed 15 days in any thirty day period in commercial zones.

4. To see if the Town will vote to authorize the Board of Selectmen to accept and expend money from State, Federal, or other governmental unit or a private source which becomes available during the year in accordance with RSA 31:95B or to act in any manner relating thereto.

5. To see if the Town will vote to raise and appropriate the sum of \$15,000.00 to add to the already appropriated and encumbered \$5,000.00 for the purpose of repairing the curb and railings at the landfill bridge, or to act in any manner relating thereto.

6. To see if the Town will vote to appropriate the sum of \$20,000.00 for the purpose of building a recycling center at the landfill and to apply for funds from the Governor's Recycling Program. This article will be funded as follows: \$10,000 from surplus, which represents money raised in Article 14 at the Town Meeting in March 1990 and lapsed to surplus at December 31, 1990, plus \$10,000.00 in matching funds from the Governor's Recycling Program. (This article will not require that money be raised from taxes in 1991.)

7. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the purpose of repairing the municipal water supply system, and to authorize the expenditure of \$10,000.00 from the Water Department Expendable Trust Fund, or to act in any manner relating thereto.

8. To see if the Town will vote to raise and appropriate the sum of \$7,000.00 to add to the already appropriated and encumbered \$15,000.00 for the erection of a salt barn on the Public Works lot, or to act in any manner relating thereto.

9. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to fund the repairs of the Gates House caused by vandalism, or to act in any manner relating thereto.

10. To see if the Town will vote to raise and appropriate the sum of \$100.00 for support of the Grand Monadnock Arts Council, or to take any other action relating thereto.

11. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the purpose of establishing a Capital Reserve Fund under the provisions of RSA 35:3 to be used for the next 100% Town re-assessment of Town real estate and to appoint the Board of Selectmen as agent to carry the purpose of this fund into effect.

12. To see if the Town will appropriate the sum of \$15,500.00 for the purchase of a new police cruiser, such amount to be withdrawn from the interest of the Farnum Trust Fund.

13. To see if the Town will vote to raise and appropriate the sum of \$200.00 for support of the Big Brothers/Big Sisters of the Monadnock Region, Inc., or to take any other action relating thereto.

14. To see if the Town will vote to raise and appropriate the sum of \$500.00 to help pay part of the tuition for a needy child at Camp Holiday, or to take any other action relating thereto.

15. To see if the Town will authorize the Selectmen to negotiate and adjust the boundary line between the Town Highway Garage lot and the property of David and Kathleen Knight or to act in any manner relating thereto.

(Left blank for your notes)

16. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
17. To see if the Town will vote to accept funds, gifts, and legacies from any private source or to act in any manner relating thereto.
18. To see if the Town will vote to accept any funds for the maintenance of cemeteries or to act in any manner relating thereto.
19. To transact any business that may legally come before the meeting.

Given under our hands and seal, this Eighteenth day of February, in the year of our Lord nineteen hundred and Ninety-One.

Robert H. Bennett

February 16, 1990

Board of Selectmen
Town of Marlborough, New Hampshire

We have audited the financial statements of the Town of Marlborough, New Hampshire for the year ended December 31, 1989, and have issued our report thereon dated February 16, 1990.

In planning and performing our audit of the financial statements of the Town of Marlborough, New Hampshire for the year ended December 31, 1989, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

The management of the Town of Marlborough, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objective of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories.

Budget
Cash and investments
Revenue and receivables
Expenditures for goods and services
and accounts payable
Payroll and related liabilities
Debt and debt service expenditures

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

A material weakness is a condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material to the financial statement may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all conditions that are considered to be material weaknesses as defined above. However, our study and evaluation disclosed no condition that we believed constitutes a material weakness.

This report is intended for the information of management, and the Board of Selectmen. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

1990 MARLBOROUGH POLICE TOWN REPORT

The Marlborough Police Department experienced many changes in 1990 affecting personnel, equipment and daily activities. Safety and performance requirements necessitated replacing outdated and unserviceable equipment and this was accomplished towards year end. The increase in demands from residents combined with the need for adequate and rapid response resulted in the decision to change staffing from one to two full time officers for 1991. One of our police cruisers met its life expectancy during this year because of the need for front end repairs. The vehicle is seven year old and has reached the point where the roof leaks from rust holes and the vehicle is simply considered beyond repair. Thus, the decision to utilize funds from the Farnum Fund for the new cruiser in the new budget.

The increase in Police services for 1990 indicates that there will be a like need for these services in 1991. As the economy drops, the request for Police services rise, and as crime grows, the Marlborough Police Department must grow or we will be unable to provide an acceptable degree of safety to Marlborough citizens. The preparations in 1990 will satisfy these needs.

Lastly, \$1,909.00 was collected for minors with alcohol fines and the funds were turned in as Town general revenues. Other statistics for the year are as follows:

Total Arrests for 1990 = 95

12	D.W.I.
6	Disorderly Conduct
5	Reckless Conduct
8	Arrests on Warrants
13	Protective Custody
1	Arson
1	Dog Complaint Arrest
3	Theft
15	Motor Vehicle
1	Fugitive from Justice Felony
1	Indecent Exposure
3	Drug related
2	Assaults
2	False Reports to Police
8	Possession of Alcohol Juvenile Arrests
10	Juveniles placed into Protective Custody for Alcohol
4	Juvenile related runaways/missing custody arrests
252	Motor vehicle Summons issued/lost 11 cases
54	Criminal Complaints Issued/5 cases lost

FROST FREE LIBRARY REPORT 1990

This year our energies were primarily focused on the renovation of the library's first floor. During May and June it was completely repainted and recarpeted. The monumental task of moving EVERYTHING in the library three times was accomplished with the help of 200 bodies. On July 27, 1990 The Keene Sentinel published our thank you to everyone involved. We thank each individual again here. If you haven't stopped in to study the results, or could not attend the September Open House, we invite you to check us out!

The library did, however, do more than renovate this year. Our reopening in July kicked off a series of 14 special musical programs for all ages. These programs tied in with the statewide 'Get That Reading Rhythm' reading program. Seventy-one children participated and the party celebrating the end concluded with a musical parade of all participants. The parade was led by a surprise visitor who played the bagpipes. Nine-hundred folks enjoyed the other 13 concerts offered.

One-hundred-twenty-five children delighted in the summer story-time series presented entirely by community members. The Little Red Wagon returned on August 10th and entertained an enthusiastic, rained-out audience of 55 upstairs.

During the course of the year patrons of all ages took part in poetry workshops, tax-help sessions, art presentations, storytelling events, health clinics, picturebook storytimes, and how-to craft lessons. The Mabelle Page room also served as a meeting room for many community functions.

Your librarian completed her master's degree in library science in May at Simmons College in Boston. She also attended monthly local library coop meetings and took part in many professional meetings throughout New Hampshire and New England. The library board welcomed Dolores Biron as a part-time assistant when Harold Shelley was appointed trustee. He fills Lucie Germer's position. We all wish her success as president-elect of her professional organization

To celebrate National Library Week (April 22 - April 28) five community members shared stories at two sessions. This event was held in conjunction with The American Library Association's national program - 'Night of a Thousand Stars'.

Our October annual book sale, run by the Friends of the Frost Free Library, brought in \$450.00. This event featured entertainment by three musicians: a guitarist, an accordion player, and a bagpiper. That summer-like day won't be soon forgotten!

The night before Halloween more than 100 visitors were treated to stories told in the dark by Lucie Germer. Afterwards they were invited to tour the Haunted House planned and organized by fifteen of Marlborough's adolescents. Our granite basement and adult stacks were completely transformed by this creative goup, and were enjoyed by all travelling through them.

The year's programs concluded with the community tree lighting. Marlborough's Garden Club provided a tree, the road crew secured it, and the local 4-H decorated the tree and led everyone in holiday song.

In November Harold Shelley, interim trustee, presented the first section of his Frost Free Library history to the board and the community. This history demonstrates this institution's long record of active participation and support in the community. Thanks to the board, staff and dedicated volunteers who make this a dynamic community library. With pleasure I submit to you my second annual report.

Respectfully,

Lisa R. Bearce, Library Director

REPORT OF ZONING AND PLANNING BOARDS

The Planning Board held fourteen public hearings during the year, and ten were joint hearings with the Zoning Board of Adjustment. The effects of the recession were quite apparent as only four subdivisions were considered. Subdivisions were approved for 6 lots off Route 124 for Jeffrey Baird; 4 lots on the Troy Road for C.R. Realty; 7 lots in the triangle between Webb Depot Road and Route 124 for Island Woodlands; and 2 lots on Depot Road by Michael Finley for estate of Madeline Jacobs. One boundary line adjustment was approved for Linda and Donald Kincaid. There were a total of fourteen Site Plan Reviews. Many of them were for timber operations, and others were for home occupations or new uses of buildings.

There were considerable personnel changes on the Planning Board during the year. Rita Grace replaced Judy Wilson who had resigned at the end of 1989; Patrick Ryan replaced Kathy Knight as Selectmen representative; Kenneth Kerber was appointed as a new member; Scott Butler and Anne Burlin were appointed as alternate members; and Alphonse Despres assumed Chairmanship of the Planning Board replacing Laurent Biron. Laurent accepted the position of Administrative Assistant for the Town and the Board accepted his resignation with regrets. The Planning Board adopted a resolution at their September 20th, 1990 meeting to record a most commendable job by Laurent of leading the Planning Board, organizing and writing many regulatory publications, and coordinating Planning Board activities with other Land Use Boards. Robert Heald, Chairman of the Zoning Board of Adjustment, concurred in the laudatory remarks.

Other activities concluded during the year were the adoption of a new Earth Excavation Regulation based on the Revised NH, RSA Statute, 155:E; update of the Capital Improvement Program; and the processing of nineteen revisions to the Zoning Ordinance approved by voters at the Town Meeting on March 13th, 1990. An update of the Master Plan for the "construction aggregate" portion of the plan was initiated and is programmed for completion by Southwest Region Planning Commission in the near future. Board members attended seminars, workshops, and Municipal Law Lecture Series sessions to keep abreast of current land use issues. Many preliminary hearings were held as were Monday night work sessions to assist residents.

The administrative office for the Zoning and Planning Boards has been relocated to the Lambert Building on the corner of Frost and Main Streets. Applicants requiring assistance should still make appointments with the Town Clerk at 876-4529. Office hours are from 7-9 P.M. on Mondays, excluding holidays.

Respectfully submitted,

Alphonse Despres
Chairman, Planning Board

Robert Heald
Chairman, Zoning Board
of Adjustment

The Conservation Commission provides a focal point within the municipal government for environmental concerns and is the only local board specifically charged with the protection of natural resources.

The Conservation Commission actively negotiated during the year in an attempt to effect the purchase of a 330 acre parcel at the east end of town on Route 101 (Lot 38). Unfortunately the effort failed and the land was sold to another buyer. The Commission however is in contact with the new owners in an attempt to maximize the preservation of this natural resource.

A gift to the town of 40 acres of wetlands from the Woodlands property on Route 124 has been completed. This property will be administered by the Commission.

In November the Commission convened a special public meeting to discuss acquisition of a piece of property known as the Meetinghouse Pond boat landing. The property has been appraised and a proposal submitted to the State's Land Conservation Investment Program (LCIP) for matching funds. An LCIP decision should be forthcoming in early 1991.

Pollution monitoring at Stone Pond has been accomplished by the Commission with a complete water analysis showing excellent water quality. Samples will continue to be taken at a rate of three times per year.

Progress for the development of a walking trail system in the town is still making slow progress. The New England Telephone and Telegraph Company has commissioned an appraisal in order to determine the value of various sections of abandoned railroad roadbed. Negotiations between the Town and the Telephone Company is hoped for in early 1991.

For the first time, the Conservation Commission sponsored the sending of a student to the New Hampshire Youth Conservation Camp at Interlocken Camp in Windors. The week long Camp is designed to develop leadership qualities in the areas of conservation and the environment. Erica Cadmus of Stone Pond Road received the reward and reported that the program was a very rewarding experience. The Commission is planning to continue sponsorship of students in grades 8 through 10. Persons interested should contact a member of the Commission.

The Marlborough Conservation Commission meets the third Monday of each month at 7:00 pm at the Municipal Building. Any interested individual is encouraged to attend.

Respectively submitted;

Charles R. Buffler

FIRE WARDS' REPORT

The Marlborough Fire Department answered 50 calls during 1990. This is a decrease in calls compared to 1989 when we answered 59 calls. The alarms answered were: 4 structure fires, 5 chimney fires, 4 brush fires, 4 electrical fires, 4 auto accidents, 3 car fires, 6 automatic fire alarms, 6 investigations, 1 service call and 13 mutual aid calls. The mutual aid calls numbered 2 to Harrisville, 6 to Keene, 2 to Dublin and 3 to Swansey Center.

In order to provide proper protection for the townspeople we continue to train our fire fighters in all aspects of fire fighting.

To the best of our knowledge all of the fire equipment is in good repair and does not need any major repairs.

We encourage anyone interested in becoming a volunteer fire-fighter to contact a Fire Ward or any Company member.

The Fire Company again this year enjoyed sponsoring the annual Halloween Parade for grades K through 6, and also lending its support to Friendly Meals.

The Fire Wards wish to thank the Fire Company, Townspeople, the Selectpersons, and the Local and State Police for their cooperation and support during 1990.

A special thanks to the Ladies' Auxiliary for their assistance during this past year.

Clarence Batchelder, Jr.
Linwood Croteau
Wayne Crowell
Carl Russell
Edward Wilson, Jr.

Marlborough Fire Wards

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During Calendar Year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All of these fires are preventable, but ONLY with your help.

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1990, including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire Division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), an incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

RECREATION COMMITTEE 1990

The Recreation Committee had a busy year maintaining facilities, making improvements, and planning and implementing programs.

Electricity and a security system were installed at the pavilion and it has become an increasingly busy "all seasons" facility. Winter ice skating, spring parade activities, summer recreation programs, and fall sports have all been held there.

The Memorial Day Parade, organized by Michelle Ryan, was an impressive tribute made possible by the hard work of many people. After-parade activities were also held at the pavilion. Townspeople enjoyed booth displays, barbeque, a 4-H service auction, games for the children and the music of the Keene High School band.

Roller skating continues at the school gym on the fourth Friday of each month in cooperation with the Marlborough PTA. This required many volunteer hours, and we are fortunate and grateful to have generous, giving people to help with this very successful program.

The summer program was filled with varied opportunities for youth of all ages. Kathy Rogalski, Debbie Squires, and several town high school students ran a four week program serving close to 65 youngsters each day. The kindergarten through grade four children participated in a craft, game and sport program. Several field trips were added to this program.

The success of our Summer Theater led us to try a theater experience for younger children. Debbie Zilske worked two weeks introducing children to the cooperation, struggle, and accomplishment of producing a musical. Thirty-five young people shared their two weeks hard work in a delightful show. Mary Ann Graham, Melanie Everard, and Dawn Larsen again offered an extensive three and one-half weeks theater program for students in grades 5 through 12. Forty participants worked on stage or behind the scenes to produce two sold out performances of their original show.

Jeannie Butler offered our older youths an environmental program which included Meeting House Pond activities and a Mount Monadnock hike. Bernie Beaulieu finished the summer programs with an afternoon fitness program at the ballflats.

Although the directors of these programs are paid, it takes many volunteer hours from them and others to continue these excellent programs. In order to efficiently deal with expanded programming, the Recreation Committee has been increased to seven members to share the work and make the committee more effective.

Marl-Harris Ambulance Annual Report - 1990

As the doors of 1990 closed, Marl-Harris had chalked up 156 runs, put on nearly 3100 miles transporting to Cheshire Hospital in Keen, Monadnock Hospital in Peterborough and Hitchcock Hospital in Hanover. There were 152 emergency patient transports which included 17 accidents (boating, OHRV, pedestrian, motor vehicle and motorcycle) 7 transfers under doctors' orders, 8 no transport, 1 drill, 1 parade and Harrisville Old Home Day.

Outside training and new classes are getting fewer due to lack of instructors. State financial aid being cut off results in higher costs per class, that now must be paid for by the squad or the individual. We have a mandatory 6 month refresher on defibrillation; there are annual and biannual refreshers with written and practical testing in order to be licensed; there are 48 plus hours of mandatory continuing education biannually for EMT's etc.. This has made in-house training even more important than ever.

We wish to thank the Fire Departments, Police Departments and selectpersons of both towns for their assistance. A big thanks to Ed Wheeler, who continues to keep us on track with insurance, and to Police Chief Bashaw for his efforts to have police on the scene on many of our runs. His assistance has been of great value for which we are most grateful.

To the townspeople who support us monetarily, give us moral support and care, a very special thanks because you make the difference.

Geri Dunn
Marl-Harris Reporting Officer

Report of Welfare Administrator

No one needs to be informed by me that this was a bad year for welfare. The year began with people on short hours and proceeded to a great deal of unemployment. In addition to the general recession, the State has cut back on funds and personnel, and as a result, processing of unemployment claims and other programs now takes 8 weeks instead of 30 days. All moneys expended during that time comes from the Town. This was totally unexpected and we have had to rely on grants from the Salvation Army and food from the Federated Church pantry, and Dept. of Agriculture Surplus Food as well as a grant from the MCA.

We have received repayment from a client who was helped in 1989 to the extent of \$250. This of course goes into the General Fund to reduce taxes.

We anticipate an increase in fuel assistance from the Town because of the cut in Federal funds and the increase in oil prices as well as the short period that Southwest Community Service will be able to pay for. Hence we have raised our budget to incorporate the increase as well as the general cost of living.

Alice M. Knight
Welfare Administrator

HOME HEALTH CARE AND COMMUNITY SERVICES, INC.
REPORT TO THE TOWN OF MARLBOROUGH
JANUARY 1, 1990 - DECEMBER 31, 1990

ANNUAL REPORT

In 1990, Home Health Care and Community Services continued to provide home care and community services to the residents of Marlborough. The following information represents a projection of Home Health Care and Community Services' activities in your community in 1990. The projection is based on actual services provided from January through September 1990 and an estimate of usage during October, November and December.

SERVICE REPORT

SERVICES SUPPORTED
PARTIALLY OR TOTALLY
BY THE TOWN

SERVICES PROVIDED

SERVICES OFFERED

Nursing	245 Visits	14 Visits
Child Health Nursing	5 Visits	5 Visits
Physical Therapy	53 Visits	0 Visits
Speech Pathology	0 Visits	0 Visits
Occupational Therapy	0 Visits	0 Visits
Homemaker	140 Hours	140 Hours
Home Health Aide	624 Visits	166 Visits
Medical Social Worker	1 Visits	0 Visits
Nutritionist	4 Visits	3 Visits
Office Visits	11 Visits	11 Visits
Meals-On-Wheels	4,174 Meals	4,174 Meals

Total Unduplicated Residents Served: 87

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

FINANCIAL EFFECT

The actual cost of all services provided in 1990 with all funding sources is projected to be \$60,664.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants, town trust funds and patient fees. Services that were not covered by other funding have been supported by your town.

For 1991, we recommend an appropriation of \$8,750.00 to continue home care and \$2,295.00 for the Meals-On-Wheels Program to continue services at the current level.

Thank you for your consideration.

Report of Hemenway, Kimball, Carleton & J. Mason Funds

This year we were able to disburse an amount in excess of \$12,250 to 37 citizens of the Town who have suffered serious illness, hardship, or loss.

From the C. Carleton and J. Mason Funds we disbursed about \$350 to an aged citizen in need.

From the J. Kimball Fund we disbursed \$2250 to families of chronically ill children.

Board of Selectmen
Welfare Administrator

Cemetery Committee Report

This year the Cemetery Committee continued with its work on the restoration of all our cemeteries. The Peterborough Marble and Granite works completed straightening and repairing all the stones and monuments in Graniteville Cemetery. A section of the road beside the Odd Fellows lot in Pine Grove was hot-topped and a very large oak tree in Meetinghouse Cemetery, which had started to split down the center, was taken down.

Next year we are hoping to complete the restoration of stones and monuments in Pine Grove Cemetery and start repair work on the wrought iron fence around Graniteville Cemetery. Many of the trees in and around our cemeteries are quite old and in poor condition. We are gradually trying to take them down before they fall and damage any of the stones and we are including money in our budget each year for this.

We hope that in a few years, all our cemeteries will be back in good shape and, with minimal care each year, we will be able to keep them that way.

Doris Wilcox
Chairman, Cemetery Committee

REPORT OF THE MONADNOCK ADVISORY COMMISSION

TO THE TOWNS OF:

Jaffrey, Dublin, Marlborough, Troy and Fitzwilliam

The 1990 session of the State Legislature gave the Monadnock Advisory Commission a new "charter" and definition of the Monadnock highlands to include Little Monadnock in Fitzwilliam. The commission includes two members from each of the five towns, and is required to report annually to the Towns on its activities and concerns. During 1990, the Commission has been actively involved in developing policies to guide future management and development activities on those lands owned and leased by the State of New Hampshire, currently totalling 4,635 acres.

The purposes of the Monadnock Advisory Commission are:

- I. Guide the department of resources and economic development planning efforts to ensure the integrity of this National Natural Landmark.
- II. Assist the department in the formulation and adoption of a long-range plan.
- III. Recommend specific management policies and practices.
- IV. Assist the department in acquiring lands and rights in land.
- V. Meet at least annually.
- VI. Report annually to the commissioner on any threats to the integrity of these lands.
- VII. Issue an annual report to the communities.

We would welcome your thoughts about the preservation of these unique highlands. Members of the Commission are:

Jaffrey: H.C. Royce, Peter Davis
Dublin: Betsey Harris, Bruce McClellan
Marlborough: Ernie Linders, James Everard
Troy: William Mattson, David Adams
Fitzwilliam: Donald Crutchley, Thomas Parker

Respectfully submitted,

H.C. Royce, Chairman

ADMINISTRATIVE REPORT

The education system in the State of New Hampshire is rapidly approaching a crisis stage. Concerned taxpayers who face legitimate financial difficulties are calling for a halt to the ever-increasing school spending. Educators and school boards, in response to shrinking state revenues, the increasing needs of students, and political pressures, attempt to provide a quality educational program for the most affordable price.

The citizens of Marlborough have seen significant increases in tax bills and many have viewed the school district as a culprit. The district has always enjoyed strong support from its citizens and the quality of education which students receive has been a source of pride.

The school board, administration, and school staff have all worked very hard to prepare a budget which truly reflects the financial needs of the district. As you prepare to cast your vote at the district meeting, please consider carefully the impact that your decision will have on your community and its children.

The problems which face New Hampshire citizens will not be solved by dismantling school districts and placing the future of our young people at risk. How much longer can the state rely on a 19th Century taxation system to meet the challenges we all face as we move toward the 21st Century? My hope is that the concerned citizens of Marlborough will play a significant role in focusing the debate and pressing for a resolution.

The district meeting on Saturday, March 2, will be characterized by much debate and concern as to the direction that the school district will follow and the scope and content of the educational program for Marlborough children. I am confident that reason and good judgement will prevail.

Mark Genovesi
Assistant Superintendent for Towns

PRINCIPAL'S REPORT

The year 1989-1990 has continued to provide the Marlborough School faculty and administration with many challenges to which we respond in our professional responsibilities.

The student population has remained reasonably stable in numbers with 225 to 230 students in grades Kindergarten through eight, though the distribution has changed. We are proud to be one of only 14 percent of New Hampshire towns providing a public kindergarten. This year, our Readiness class has continued its specialized program and we have dealt with a growing primary population. We resolved our dilemma by creating a combination classroom for some students in grades one and two.

JoAnn Robinson was hired as a full-time teacher for this combination class, and her capable guidance has provided the calm needed to make this work well for our students. Our remaining teaching staff has continued in their positions providing stability to the school.

We were sad to lose Mr. MacDonald, our long-time lead custodian, as he moved on to other things. Our new custodian is John E. Smith, who worked in schools in New Jersey for many years. Ray Schnyer was hired as second shift custodian. He was previously employed by the airport in Keene. With these new people responsible for the physical plant, we have continued to work on major and minor improvements to this old building in efforts to keep things up to date and in good repair.

We are pleased to provide our students with a full academic program as well as many motivating special activities, such as the Jump-a-Thon for the N.H. Heart Association and the National Dance Institute, a participatory program for the arts. We also have an exciting sports schedule for our students in grades six through eight, as well as activities ranging from programs for Friendly Meals to helping the Recreation Department develop the summer youth program.

The supportive community/school relationship has provided an atmosphere of cooperation which, I believe, is an important model for our students. We aim to prepare our future citizens for real life and teach them positive ways to resolve the changing issues they will need to address.

Sandra J. Whippie, Principal
Marlborough School

MARLBOROUGH SCHOOL DISTRICT
CLASS OF 1991
KEENE HIGH SCHOOL

CHAIRMAN'S REPORT

The Marlborough School Board sets goals for the district each year. Our emphasis this year has been on curriculum coordination throughout N.H. School Administrative Unit 29, with particular emphasis on the math curriculum, a study of the curriculum expectations in the early primary grades (particularly kindergarten, readiness and first grades), developing a five-year master plan for the district to serve as a guide for long-range planning, and continued monitoring of the Unit Effectiveness Study Committee report and its implementation, and the services provided by NHS AU 29.

The Board has had a challenging year. The need to provide a quality education for the students of Marlborough has been coupled with a softening local economy, ever higher taxes and continued decreases in revenue from the State of New Hampshire. While we are ever mindful of the taxpayer, I believe that our first priority is the children of our town. In December, 1990, the Board was asked by the Marlborough Taxpayers Association to come to the district meeting with a level-funded budget. We have done more than that. Our proposed budget for the 1991-1992 school year is \$59,665 less than this year's budget, and even though our estimated revenues are down, the amount to be raised by taxes is also lower. In response to the Association's request, the board made over \$60,000 in cuts to achieve this end. These cuts were not easily made, but should have the least effect on the total educational program for our students. It is my hope that the voters will not make further cuts in this budget. To do so may cause the school to fall below the state minimum standards and would have serious educational and financial implications for the district. The district has worked for many years to provide a quality education for the children of Marlborough. The anger and frustration that you, as voters, feel towards the increasing property tax burden should not be taken out on the children of the district. Education is more important than ever in this rapidly changing world.

On a personal note, I am retiring from the board this year after serving for six years. It has often been a challenge, rarely boring, but the hours are long, the pay is minimal and the rewards are few. I am thankful for the opportunity to serve the residents of this community.

STATE OF NEW HAMPSHIRE
SCHOOL WARRANT

To the inhabitants of the school district in the Town of Marlborough qualified to vote in District affairs:
You are hereby notified to meet at the Marlborough Elementary School in said District on the 2 day of March, 1991, at 10:00 a.m. to act upon the following articles:

ARTICLE 1.

To hear the reports of agents, auditors, committees or officers chosen and to pass any vote relating thereto.

ARTICLE 2.

To see if the District will vote to authorize the school board to apply for, accept and expend, without further action by the School District Meeting, money from state, federal, or other governmental unit or a private source which becomes available during the 1991-1992 school year, provided that such expenditure be made for purposes for which a school district may appropriate money, and that such expenditure not require the expenditure of other school district funds. Further, that the school board shall hold a public hearing prior to accepting and spending such money (pursuant to R.S.A. 198:20-b).

ARTICLE 3.

To see if the District will authorize the school board to transfer Seventy-Five Thousand (\$75,000.00) Dollars, appropriated from the Capital Reserve Fund on March 8, 1990, to said Capital Reserve Fund at the end of the fiscal year June 30, 1991, or to take any other action in relation thereto.

ARTICLE 4.

To see if the District will authorize the school board to transfer all or any portion of its unencumbered funds, if any, remaining on hand at the end of the fiscal year, June 30, 1991, to the Capital Reserve Fund established by the voters on March 9, 1989, or to take any other action in relation thereto.

ARTICLE 5.

(By Petition) To see if the District will vote to raise and appropriate the sum of One Hundred Twenty-Five Thousand, Six Hundred Eighty-Five (\$125,685.00) Dollars for the purpose of funding the costs of salary increases and increased benefits as provided by the collective bargaining agreement between the Marlborough School District and the Marlborough Teachers Association, pursuant to an agreement dated the 6th day of September, 1989, for the 1991-1992 school year; or take any other action in relation thereto.

ARTICLE 6.

To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the district.

ARTICLE 7.

To transact any other business which may legally come before this meeting.

Given under our hands at said Marlborough this 1st day of February, 1991.

Elizabeth B. Gordon, Chairman
John F. Fletcher
Robert J. Thibodeau

STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district in the Town of Marlborough qualified to vote in District affairs:

You are hereby notified to meet at the Elementary School Gymnasium in said District on the 12 day of March, 1991, at 1:00 O'Clock in the afternoon to bring in your votes for the election of school district officers. The polls will open not later than 1:00 p.m., nor close earlier than 9:00 p.m.

ARTICLE 1.

To choose all necessary school district officers:

A member of the school board for the ensuing three years

Given under our hands at said Marlborough, this 1st day of February, 1991.

Elizabeth B. Gordon, Chairman
John F. Fletcher

FOR THE ELECTION OF OFFICERS HELD ON MARCH 13, 1990

The meeting was called to order at 1305 hours, prevailing time, on March 13, 1990 by Moderator Irvin Gordon. The warrant was not read at this time as has become the custom. The meeting was declared open by the moderator for the election of officers under Article 1 from 1305 hours to 2100 hours.

Article 1. Voted favorably by acclamation on the motion of Oliver F. Derby, supported by Patricia R. Derby, that the meeting proceed with the election of school district officers and town officers. The school district officers to be, namely:

- A member of the School Board for the ensuing three years
- A District Clerk for the ensuing three years
- A Moderator for the ensuing three years
- A Treasurer for the ensuing three years, from July 1, 1990

The follow transmittal was received from the Town Clerk giving the results of the election on March 13, 1990

At a legal meeting of the voters of the Town of Marlborough, Cheshire County, State of New Hampshire, held on Tuesday, March 13 1990. The following votes of those present and qualified to vote for Marlborough School District officials, were taken by ballot, and the results of the election, as determined by the moderator, in the presence of the clerk and other disinterested officials, certified by the moderator and counted said votes and after the counting was completed made a public declaration of the whole number of votes cast, with the name of every person voted for and the number of votes for each person as follows:

Meeting called to order at 1935 hours, prevailing time, on March 8, 1990 by Moderator Irvin H. Gordon. The moderator announced that, if there was no objection, that the school staff and administration would be allowed to speak. He then declared the meeting open under Article 1.

Article 1. Voted favorably by acclamation on the motion of Corinne Bennett, supported by Elizabeth Gordon, that the district receive the reports of agents, auditors, committees and officers as printed in the annual report.

Article 2. Voted favorably by acclamation on the motion of Corinne Bennett, supported by John Fletcher, that Article 2 be adopted as printed in the warrant.

Article 3. A voice vote on the motion of John Fletcher, supported by Lawrence Robinson, that the District raise and appropriate the sum of \$110,000 for the purpose of replacing windows at Marlborough Elementary School; \$35,000 to be raised by taxation, \$75,000 to be appropriated by withdrawal from the capital reserve fund established in March 1989 for construction and renovations, was inconclusive. The moderator called for a division of the house. Eighty four voters were in favor of the motion and the voters who were opposed to the motion, realizing they were defeated, took their seats before they could be counted.

Article 4. Voted favorably by acclamation on the motion of Corinne Bennett, supported by Lawrence Robinson, that the District authorize the school board to transfer \$5,000 of its unencumbered funds, if any, remaining on hand at the end of the fiscal year, June 30, 1990, to the capital reserve fund established on March 9, 1989.

Russell Walton introduced a motion, supported by Robert Heald, that the meeting take up Article 6 before taking action on Article 5. A voice vote was taken on the motion and was declared inconclusive by the moderator. A division of the house was called for and the vote was forty five in favor of the motion and sixty opposed. The moderator declared the motion defeated.

Article 5. Voted favorably by acclamation on the motion of Elizabeth Gordon, supported by Lawrence Robinson, that the District raise and appropriate the sum of \$1,873,532 for the support of schools, for the payment of salaries of school district officers and agents, and for the payment of the statutory obligations of the district.

Article 6. No action was taken on this article as it was nullified by the action taken on Article 5.

Article 7. A division of the house was called for on a motion by John Fletcher, supported by Lawrence Robinson, that the District approve this resolution by show of hands and that the results be recorded and sent to the Governor and the legislative leadership. Eighty five voters were in favor of the motion and three voters were opposed.

Article 8. Elizabeth Gordon thanked all of the voters who were present for coming to the meeting and also expressed the thanks of the board and the district to Corinne Bennett for her year of service on the board and during the negotiations with the teachers.

John Fletcher thanked Dr. Larracey, the retiring Superintendent, for his many years of service to the District and to education. He then presented him with a gift from the school board.

Moderator Irvin Gordon thanked the voters for their courteous conduct during the sometimes emotional meeting.

Voted favorably by acclamation on the motion of Elizabeth Gordon, supported by John Fletcher, that the meeting be adjourned. The meeting was adjourned at 2150 hours.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Marlborough School District
Marlborough, New Hampshire

We have audited the accompanying general purpose financial statements of the Marlborough School District and the combining and individual fund financial statements of the School District as of and for the year ended June 30, 1990, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Marlborough School District at June 30, 1990, and the results of its operations and the changes in financial position of its nonexpendable trust funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1990, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.
